

# CPME 700

## Approved Sponsors of Continuing Education in Podiatric Medicine

Council on Podiatric Medical Education  
9312 Old Georgetown Road  
Bethesda, Maryland 20814-1621  
301-581-9200  
(last updated 05/01/2011)

The Council on Podiatric Medical Education (CPME) has been authorized by the American Podiatric Medical Association to approve sponsors of continuing education in podiatric medicine. The primary purpose of approval is to promote and ensure high-quality education and continuous improvement in educational programs. CPME publication 720, *Standards, Requirements, and Guidelines for Approval of Sponsors of Continuing Education in Podiatric Medicine* (March 2005), allows all approved sponsors to be eligible to provide either or both instructional media activities and courses.

**Courses:** A type of continuing education activity in which participants and faculty are present at the same time. Courses include, but are not limited to, lectures, large conferences, seminars, clinical and practical workshops, simultaneous live satellite broadcasts, teleconferences, and web-based conferences. Attendance at a course can be verified on-site (or, in the case of a web-based conference, through electronic means).

**Instructional Media:** A type of continuing education activity consisting of use of instructional materials which may include, but not be limited to, printed, recorded, and/or computer-assisted materials. Instructional media may be used over time at various locations and in themselves constitute a planned continuing education activity. Examples of instructional media include, but are not limited to, books, journals, audiotapes, videotapes, and computer-assisted instructional programs. The intent of the Council is that this definition anticipates and includes development of future technologies and methods of providing continuing education.

Approved sponsors are listed alphabetically in the first section of this publication (pages 2-9). The alphabetic list provides the name and address of the sponsor, and the names of the director of continuing education and the chief administrative officer. Telephone numbers are listed below the name to which each corresponds and email addresses are included where available.

Following the alphabetic list (pages 2-9) are the following:

- ▶ Summary List – Approved Sponsors (pages 10-11)
- ▶ List of Approved Sponsors by State (pages 12-14)
- ▶ Final CPME Actions to Withhold or Withdraw Approval of Sponsors (page 14)

Although every effort is made to verify the accuracy of the factual information listed in this publication, the Council cannot be responsible for inadvertent errors or notification of approval changes that occur subsequent to publication.

CPME publications 720 and 730, *Procedures for Approval of Sponsors of Continuing Education in Podiatric Medicine*, are available from the Council office upon request or at [www.cpme.org](http://www.cpme.org).

**The unauthorized duplication and distribution of this document is prohibited.**
