

COUNCIL ON PODIATRIC MEDICAL EDUCATION

AGENDA GUIDE

A schedule that identifies individuals to be interviewed by the evaluation team must be prepared by the sponsoring institution(s) and forwarded to the Council office at least four weeks prior to the on-site visit. Council staff will then forward the agenda to the evaluation team. The following guidelines are to be used in preparing the agenda.

- Depending on the category of training program(s) being evaluated, the number of residents participating in the program(s), and the number of facilities involved, a minimum of six-eight hours is required to evaluate a podiatric residency program. When multiple institutions are involved in providing residency training, the evaluation team may need to meet with personnel involved at multiple sites. Contact the Council office for further details regarding programs sponsored by multiple institutions.
- The evaluation team does not conduct any meetings related to the on-site evaluation prior to the actual scheduled date and time of the visit. All meetings occur at the institution(s) being visited and occur on the scheduled day of the evaluation.
- The on-site evaluation should begin as early in the day as possible to enable thorough review of the program and allow flexibility in scheduling required components of the evaluation. An appropriate meeting room must be arranged for the evaluation team to conduct its interviews; this is usually best provided through the sponsor's administrative office (e.g., board room, conference room). The room provided must be private and secure. The evaluation team must have access to a computer with internet capability during the on-site evaluation. The preferred location is in the meeting room dedicated to the team's use.
- In order that the evaluation team may assess the extent to which curriculum content meets standards established by the profession as well as the competencies utilized by the sponsoring institution, the agenda for the on-site evaluation requires that key participants in the training program be interviewed (these individuals are identified below in boldface print). Interviews must be conducted in person; **the Council does not permit telephone interviews**. Further, failure to provide the appropriate representatives and/or experiences (observation of podiatric surgery and podiatric patient care) may cause cancellation of the visit and may jeopardize approval of the program.

The following guidelines are provided in determining order and lengths of interviews (all items in bold are required; the time listed for interviews is approximate):

1. **Director of podiatric medical education:** One-hour interview to be scheduled at the beginning of the evaluation. The director of podiatric medical education must be available to the team throughout the entire evaluation.
2. Confidential interviews with administrative and teaching staffs. The director of podiatric medical education must not be present for these interviews. The following are not in a specific order:
 - a. **Chief executive officer(s) of the sponsoring/co-sponsoring institution(s) or designated representative(s):** 10-20 minutes.

- b. **Director of medical education (if the sponsoring/co-sponsoring institution(s) has(ve) such a position) or a designated representative:** 10-20 minutes.
 - c. **On-site coordinators (if secondary institutions or facilities are utilized in the program and the program director does not participate actively at the affiliated institutions):** 10-20 minutes for each individual.
 - d. **Chiefs of medical and/or surgical staffs:** 15 minutes for each individual.
 - e. **Podiatric and medical/osteopathic staffs:** 10 minutes for each individual. Interviews should be conducted individually; group interviews may be appropriate if approved in advance by the chair of the team. Podiatric staff should include the individuals most active in the training experiences afforded the residents. **Medical/osteopathic staff must represent each training resource provided.**
3. **Podiatric residents** (confidential interview): Unspecified length of time. Either individual or group interviews may be conducted depending on the number of residents and at the discretion of the team chair.
 4. Interview(s) with representative(s) of the nursing and/or ancillary staffs: 10-20 minutes. An interview with the operating room supervisor and clinic supervisor is required.
 5. Tour of the physical facilities, including the operating room(s) and clinic(s): 20-30 minutes.
 6. Review of medical records including appropriate imaging studies to be selected by the evaluation team in advance of the visit: Unspecified length of time; records should be available in the meeting room at the beginning of the day.
 7. Executive session of evaluation team to prepare for summation review: 20 minutes.
 8. Summation review of evaluation team findings with the director of podiatric medical education and the chief administrative officer(s) of the institution(s): 15-30 minutes.

NOTE: The following information must be available for the evaluation team during the visit (these items are referenced to the applicable requirements in CPME publication 320, *Standards and Requirements for Approval of Residencies in Podiatric Medicine and Surgery*):

- a. Each resident's signed contract. (requirements 3.8 and 3.9)
- b. Hard copies of original logs for each resident to date and/or on-site access to resident logs maintained on computers. (requirements 6.10 and 6.11)
- c. Resident assessment forms completed by podiatric and non-podiatric medical staff members. (requirement 7.1)
- d. Collective bargaining agreement, if applicable.
- e. Resident training manual, if applicable.
- f. Employee handbook, if applicable.

SAMPLE AGENDA

St. Servatus Hospital
Podiatric Medicine & Surgery-24 Evaluation (PM&S-24)
Friday, November 7, 2008
Conference Room, 5th Floor

Evaluation Team: Rona Norwood, DPM (CPME)
Michael Kildare, DPM (ABPOPPM)
Kim Welby, DPM (ABPS)

8:00 a.m. Mary Ann Gray, DPM, Director of Podiatric Medical Education
9:00 a.m. James Purnell, Chief Administrative Officer
9:20 a.m. Interview with Lawrence Byrne, RN, Operating Room Supervisor
9:20 a.m. Interview with Raul Casey, DPM, Clinic Supervisor
10:00 a.m. Martin Levine, MD, Director of Medical Education
10:20 a.m. Amy Gunther, MD, Chief of Medical Staff
10:40 a.m. Carl Crawford, MD, Chief of Surgery
11:00 a.m. Ann Kellogg, DPM, Assistant Director of Podiatric Medical Education
11:10 a.m. Alex Valdes, DPM
11:20 a.m. Karen Calden, DPM
11:30 a.m. Fred Willmer, DPM
11:40 a.m. Lucinda Mills, DPM
11:50 a.m. Robert Auerbach, MD, Medical Imaging
12:05 p.m. Lunch (may be a working lunch, as per team chair)
12:35 p.m. Tour of the facility
12:55 p.m. Timothy Woods, MD, Pathology
1:05 p.m. William McGuire, MD, Orthopedic Surgery
1:20 p.m. David Strobl, MD, Anesthesiology
1:30 p.m. Stephen Greene, MA, Behavioral Science
1:45 p.m. Ramesh Dalal, DPM, Resident
2:05 p.m. Katherine Galli, DPM, Resident
2:30 p.m. June D'Amico, MD, Emergency Medicine
2:45 p.m. Rhee Howard, MD, Internal Medicine
3:00 p.m. Janis Ulmanis, MD, General Surgery
3:10 p.m. Paul Waters, MD, Rheumatology
3:20 p.m. Executive Session of Evaluation Team
3:40 p.m. Summation Review with Residency Director and CEO

Please note that Review of Medical Records will be performed by the team as time allows during the day.
