APMAPAC Advocacy

2025 in Review

Every day, elected officials make decisions that affect your practice, your patients, and your bottom line. Podiatrists need a voice. APMAPAC's donations ensure there are more lawmakers who support podiatry. When APMA members and staff engage with lawmakers, they can discuss legislative issues that directly affect podiatry. Policymakers need to be educated and informed about the benefits and consequences potential legislation could have for podiatric medicine. APMAPAC is only as strong as the grassroots network behind it, so increasing the number of contributors to the PAC each year is essential to show policymakers how many podiatrists support our advocacy efforts.

APMAPAC had a monumental 2025. APMA invested in building a robust advocacy team that will pave the way for a stronger APMAPAC in the new year. With expanded staff capacity, APMA can coordinate more targeted PAC outreach and engagement to develop crucial relationships with lawmakers in the federal health policy space. We are excited to update you on our team's recent success in elevating our profession's presence on Capitol Hill.

83 Total Events Attended	\$139,000 Disbursed to Podiatry- Friendly Candidates	\$221,917 Raised by APMA Members
\$123,663 Protecting Our Profession (POP) Funds Raised	54 Incumbent Lawmakers Supported	1,200+ APMAPAC Contributors

Letter From the APMAPAC Chair

Promoting Professional Excellence and Patient Advocacy

Dear Colleague,

I am pleased to present the 2025 APMAPAC Annual Report. We publish this report to provide members with an update on APMAPAC's efforts and to provide important information and educational materials to help you become more active and engaged in our advocacy efforts.

Health care and physician-related issues remain front and center for members of Congress. As lawmakers navigate these topics in the new year, APMA is ready to advocate aggressively on behalf of podiatrists and the patients they serve. Through targeted legislative engagement, APMA will continue advancing policies that protect patient access to care and support the sustainability of podiatric medicine.

Contributions from APMA members enabled APMAPAC to host multiple events in 2025, which educated members of Congress on legislative issues crucial to podiatry. APMAPAC recently hosted events for Reps. Brendan Boyle (D-PA), Diana DeGette (D-CO), John Joyce, MD (R-PA), Darren Soto (D-FL), and Sen. Lisa Blunt Rochester (D-DE), where APMA staff and members spoke on the need for reforms to prior authorization, physician payment, Medicare Advantage, excessive chart review requests, and diabetic shoe access in Medicare. Strong financial support throughout the year also allowed APMA staff and members to attend over 80 different PAC events since June.

Together, these efforts demonstrate how your investment in APMAPAC directly strengthens APMA's ability to build relationships, elevate podiatry's voice, and advance the profession's priorities on Capitol Hill. Thank you for your continued support that will allow our efforts to move forward in the new year.

Thank you,

A handwritten signature in dark ink, appearing to read 'Randy Kaplan', with a stylized flourish at the end.

Randy Kaplan, DPM, FASPS, FACFAS
Chair, APMAPAC

P.S. With the current crisis in health care, we welcome any additional contributions you can make today to invest in the profession.

APMAPAC

Board of Directors

The APMAPAC is fortunate to have a group of dedicated leaders in the profession who govern the direction of the PAC. The PAC Board of Directors meets throughout the year to develop APMA's political strategy, discuss member engagement goals, and identify growth opportunities. We thank them for their ongoing support and leadership.

APMAPAC

Q&A

■ What is APMAPAC?

APMAPAC is the Political Action Committee (PAC) of the American Podiatric Medical Association (APMA). APMAPAC advocates for podiatric physicians and their patients in Washington, DC, by educating and supporting federal candidates who are champions of podiatric medicine. APMAPAC supports your advocacy efforts by raising money to help elect and re-elect candidates to Congress who support the public policy initiatives that APMA supports. Funded by your personal, voluntary contributions, APMAPAC provides a powerful way for us to promote the profession and to help elected leaders understand our issues, needs, and concerns.

■ Why is APMAPAC important?

Every day elected officials make decisions that affect your practice, your patients, and your bottom line. Podiatrists need a voice. APMAPAC's donations ensure there are more lawmakers who support podiatry. When APMA members and staff engage with lawmakers, we can discuss legislative issues that directly impact podiatry. Policymakers need to be educated and informed about the benefits and consequences potential legislation could have on podiatric medicine. APMAPAC is only as strong as the grassroots network behind it, so increasing the number of contributors to the PAC each year is essential to show policymakers how many podiatrists support our advocacy efforts.

■ How are the APMAPAC and APMA POP different?

APMA Protecting Our Profession, or APMA POP, is a separate, segregated source of financial resources used for federal legislative education, initiatives, and issue awareness. APMA POP funds approximately 50 percent of the annual Podiatric Medical Legislative Conference and public awareness initiatives. These funds cannot be directly used to support candidates for federal office.

■ Why does APMA need APMAPAC?

APMA uses APMAPAC to support and collaborate with candidates or lawmakers who advocate for policies and legislative issues that support podiatry. Your personal contributions to APMAPAC create an opportunity for APMA to compete with other special interest groups and ensure the legislative concerns of our members are visible to Congress.

APMAPAC

Q&A

■ Why should I get involved?

As a member of the profession, your participation is critical. By contributing to APMAPAC — and encouraging your fellow podiatrists to do so as well—you are helping drive major legislative wins that will positively impact you, your practice, and your patients. Your small investment in APMAPAC can lead to major returns in the future.

■ How are contributions to candidates determined?

APMAPAC is governed by a Board of Directors comprised of APMA members. The APMAPAC Board and APMA advocacy team work collaboratively to assess the strategic value of each contribution with given criteria approved by the board.

■ What are the top issues APMAPAC is focusing on?

APMA's top issues are reducing administrative burdens in Medicare Advantage that delay care for patients, including prior authorizations; reforming the Medicare Physician Fee Schedule; and strengthening access to services and care provided by podiatrists, including therapeutic shoes for diabetic patients.

■ How much should I give to the APMAPAC?

The amount you give is entirely up to you. However, we encourage you to contribute a level that helps support our political advocacy efforts. The more you give, the more impact it has. The maximum amount that an individual can contribute in a calendar year is \$5,000.

Support APMAPAC!

APMAPAC 2025

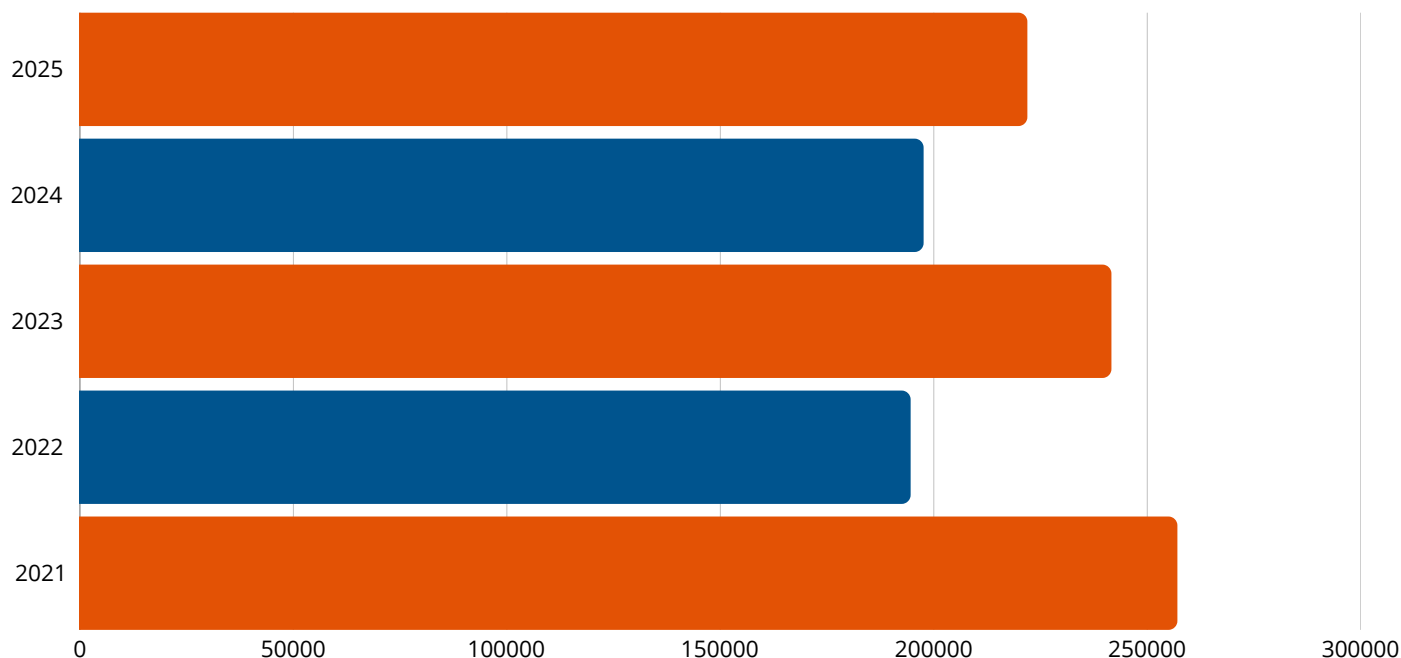

Financial Highlights

2025 PAC Receipts

Through the generous support of more than 1,200 APMA members, APMAPAC raised \$221,917 in 2025. APMA POP raised \$123,663.

APMAPAC Today Compared to Past Years

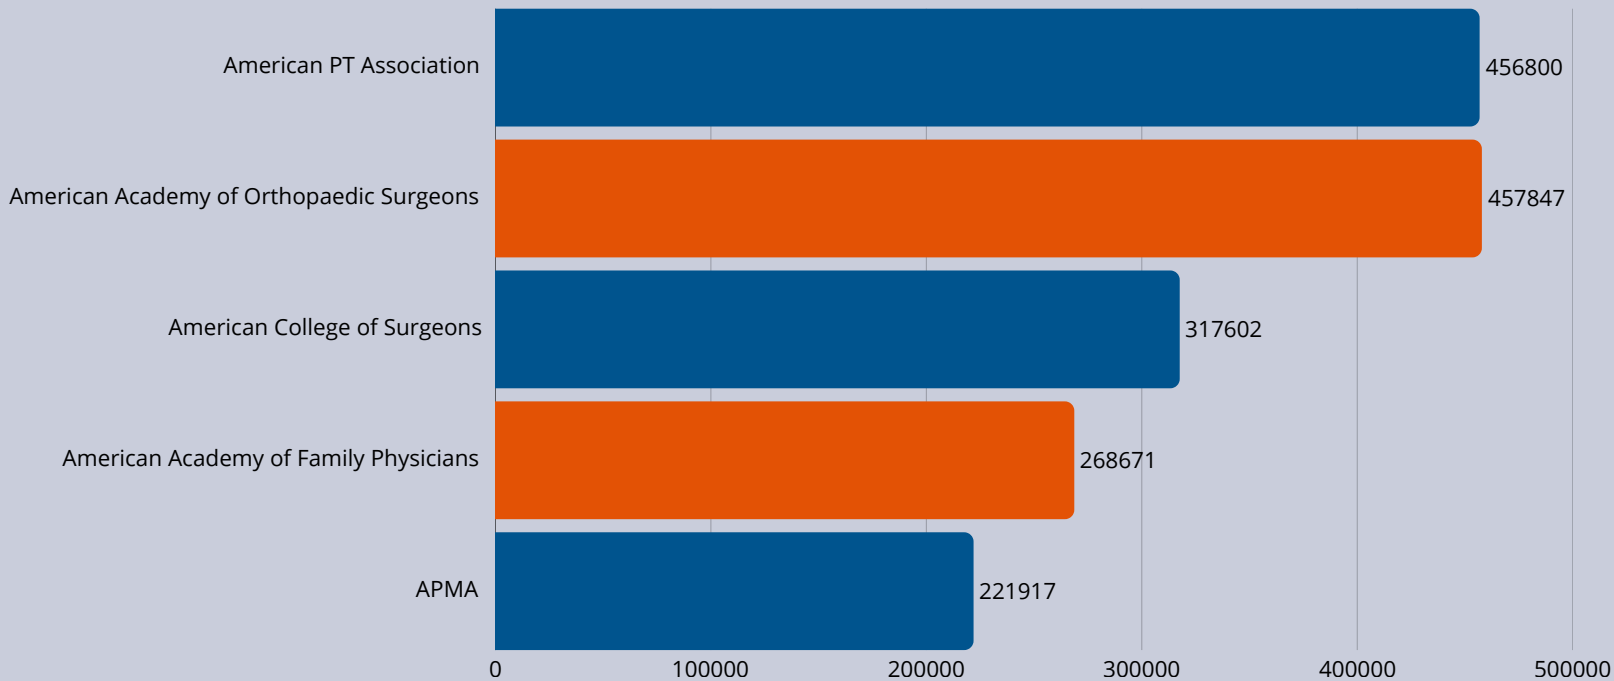

APMAPAC fundraising totals increased more than 12 percent in 2025 compared to 2024. While 2025 did not quite reach the record highs of 2021 or 2023, 2025 was a strong year that shows the commitment of APMA members to ensuring APMA has the resources it needs for effective advocacy. The consistently strong donations to APMAPAC underscore the growing understanding that sustained political engagement is essential to advancing podiatric priorities on Capitol Hill. As we look ahead to the new year, continued member support will be critical to building on this progress. Every contribution strengthens our collective voice, deepens relationships with policymakers, and ensures podiatric medicine remains well represented when it matters most.

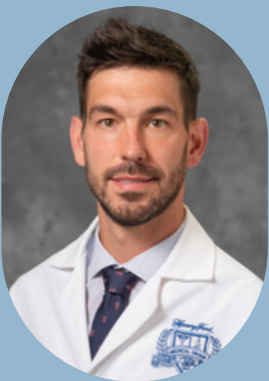

APMAPAC 2025

Financial Highlights

APMAPAC Versus Other Provider PACs

WHY DO YOU GIVE TO APMAPAC?

I give to APMAPAC because **I believe every one of us has a duty to protect our profession and make it better for the next generation.** We are all fortunate enough to be in our positions because people before us put in the time, effort, and money to make this profession as great as it is. I view my annual donation as doing my small part in this much larger endeavor.

Andrew Mastay, DPM, Michigan

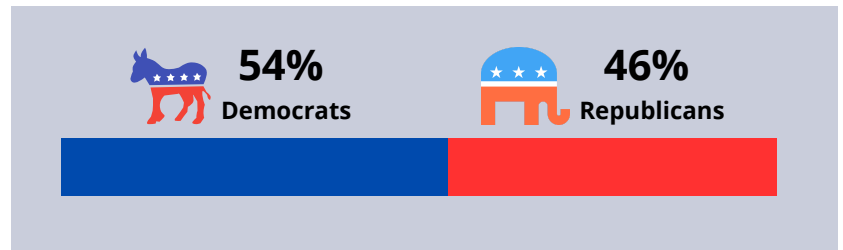

APMAPAC is an essential component to advocacy for podiatric medicine and our patients. We can only serve our patients well if we are able to support those who represent us. Podiatric medicine needs representation that has taken the time to understand what we do. I believe in supporting those who are willing to listen, and the APMAPAC gives us a bipartisan vehicle to do so. We need to be present where critical decisions are being made for our specialty as well as our patients.

Ami Sheth, DPM, California

APMAPAC Disbursements

2025 PAC Disbursements

Thanks to the generous support of our PAC donors, APMAPAC disbursed \$139,000 to federal candidates and committees in 2025. APMAPAC supported over 50 congressional candidates and political committees in 2025 and is well-positioned to help elect key congressional allies in 2026. In 2025, 54 percent of APMAPAC's disbursements went to Democrats and 46 percent went to Republicans.

APMAPAC supports members of Congress and candidates for federal office who understand issues podiatrists face, and who will be understanding of these concerns in office. The PAC is a nonpartisan entity that contributes to Republicans, Democrats, and party committees that share and support the views of APMA. Each APMAPAC beneficiary undergoes a thorough analysis and review by the PAC Board before receiving PAC support.

You cannot spell "podiatry" without R, D, or I!

Scan the QR code to learn more about or donate to APMAPAC.

WHY DO YOU GIVE TO APMAPAC?

I contribute to the APMAPAC to **ensure we have the ability to advocate for our needs**. Our continuing political presence is essential for the future of our profession, and our support allows us to remain competitive in our efforts.

Stephanie Parks, DPM, New Mexico

Much like you can't complain about government issues unless you get involved and vote, you can't complain about the issues that affect our profession unless you contribute. **Donating and staying involved are ways we can make a difference within our profession and continue to secure the future of our profession.**

Tyson Green, DPM, Louisiana

2025 APMAPAC- Hosted Events

APMAPAC raised \$17,500 for House Energy & Commerce Committee Health Subcommittee Ranking Member Diana DeGette (D-CO).

APMAPAC hosted a reception for House Ways & Means Committee Health Subcommittee member Brendan Boyle (D-PA) and raised \$12,500.

APMAPAC hosted events for Rep. John Joyce, MD (R-PA), Rep. Darren Soto (D-FL), and Sen. Lisa Blunt Rochester (D-DE) during the November Leadership Hill Day. In honor of Diabetes Awareness Month, attendees discussed the crucial role of podiatrists in treating lower extremity complications related to diabetes, including timely access to diabetic shoes on Medicare.

Building Relationships Across the Nation

Will Long, DPM, and APMA CEO Meghan McClelland, MBA, with Sen. Tim Scott (R-SC)

APMA President Brooke Bisbee, DPM, and Senate Majority Leader John Thune (R-SD)

Steve Merckx, DPM, with Rep. Mark Pocan (D-WI)

Brad Jimerson, DPM, with Sen. Bill Cassidy, MD (R-LA)

Scott Hughes, DPM, and Holly Spohn-Gross, DPM, with Rep. Pete Aguilar (D-CA)

Seth Rubenstein, DPM, and Man Cho, DPM, with Rep. James Walkinshaw (D-VA)

Jane Andersen, DPM, with Rep. Greg Murphy, MD (R-NC)

Jonathan Friedman, DPM, with Sen. Ron Wyden (D-OR)

Jodie Sengstock, DPM, and Randy Kaplan, DPM, with Rep. Debbie Dingell (D-MI)

Recap of the First APMAPAC Turkey Trot 5K Fun Run & Walk

APMAPAC hosted its first Turkey Trot 5K Fun Run & Walk on November 27, which allowed APMA members to walk or run while supporting APMAPAC. APMA members trotted across the country to support APMA advocacy efforts in Washington, DC. Participants proudly shared photos from their local routes, showcasing their commitment to strengthening podiatry's voice on Capitol Hill. This inaugural event not only raised crucial funds for the PAC, but also brought members together in a fun, active way to close out the year. The enthusiasm and engagement demonstrated throughout this first annual turkey trot highlighted the power of our profession when we act collectively.

GET INVOLVED IN ADVOCACY

There is nonstop action in Washington, DC, that demands the eyes and ears of podiatrists across the country. As a crucial part of the health-care system, there is no better time to make your voice be heard. Get involved now to help protect access to health care, advance the profession, and strengthen podiatry's influence in the federal government. The resources below make it easy to take action and stay engaged.

eADVOCACY ACTION CENTER

Take action on APMA's [grassroots advocacy page](#) by sending letters to your federal representatives on issues affecting the profession.

APMAPAC

Help support APMA's reach by contributing to the [APMAPAC](#). Scan the QR code below to contribute and learn more.

PARTICIPATE IN GRASSROOTS INITIATIVES

Join us in spreading awareness for crucial issues by hosting your member of Congress at your practice or scheduling a district office meeting. If interested, please reach out to dkaderli@apma.org.

READ OUR ADVOCACY REPORTS

APMA publishes regular updates on the advocacy efforts of APMA. To stay up to date on our recent progress, read our last [report from August](#).

YOUR ADVOCACY TEAM

Based in Washington, DC, the advocacy team analyzes, identifies, and leads all regulatory, legislative, and political initiatives for APMA.

PURPOSE: The American Podiatric Medical Association Political Action Committee's purpose is to raise and disburse funds to candidates for federal office who support the legislative priorities and goals of the podiatric medical profession.

***IMPORTANT:** These are suggested amounts. You may contribute or not contribute without concern of being favored or disadvantaged. Occupation/Employer information is required for aggregate annual contributions of more than \$200.00 by the Federal Election Campaign Act. Federal election law does not permit corporate contributions to be used for donation to candidates for federal office. Political contributions are not deductible for income tax purposes.

The American Podiatric Medical Association Political Action Committee (APMAPAC) is a bipartisan fundraising committee through which member podiatrists support federal candidates who champion podiatric medicine's issues before the US Congress. All contributions are voluntary. You may contribute, or not contribute, without concern of being favored or disadvantaged. Occupation and employer information is required by the Federal Election Campaign Act for aggregate annual contributions of more than \$200.00. Federal election law does not permit corporate contributions to be used for donation to candidates for federal office. Political contributions are not deductible for income tax purposes.
