The Salt Palace Convention Center is a key fixture in Salt Lake City's vibrant downtown area, and the 2019 exhibit hall at The National is your key fixture for products and services you need to continue providing first-rate care to your patients. See the latest in medical and office equipment, surgical supplies and products, pharmaceuticals, practice management tools, footwear, hosiery, and much more.

The exhibit hall will also host scanning, refreshment breaks, and lunch. While you're there, stop by the APMA booth (#737), and be sure to thank our exhibitors and sponsors.

Note: Products displayed in the exhibit hall have not been investigated or approved by APMA with regard to efficacy or regulatory compliance. Each physician should perform his or her own due diligence regarding any claims made about products displayed.

Opening Address: The Path Taken

Barry Scurran, DPM, is chief Compliance, Ethics, and Integrity officer for The Permanente Medical Group and a rock star in his field. In his more than 40 years in podiatry, he has been recognized as a respected researcher, accomplished surgeon, and dedicated educator. If not for certain choices he made early in life, he could have been a literal rock star instead.

We make choices all the time, and it is hard to know which ones will have the most impact. In his opening address, Dr. Scurran will talk about the decisions that directed his career, from attending the then-Ohio College of Podiatric Medicine (Class of '73) to those that ultimately led to his prestigious current position. Hear Dr. Scurran's amazing story and consider where your own professional journey is taking you.

Continuing Education Approval Statements

PODIATRIC PHYSICIANS

APMA is approved by the Council on Podiatric Medical Education as a provider of continuing education in podiatric medicine. APMA has approved this activity for up to 28* continuing education contact hours (CECH).

** This number is based on attendance at all general session lectures, breakfast symposia, plenary lectures, and the poster abstracts symposium.*

PODIATRIC MEDICAL ASSISTANTS

The American Society of Podiatric Medical Assistants (ASPMA) is approved by the Commission on Accreditation of Podiatric Medical Assisting Certification as a sponsor of continuing education in podiatric medical assisting. Program participants may earn up to 28 CECH. Only 20 credits are required per year for certification renewal.

APMA Continuing Education Mission Statement

The American Podiatric Medical Association (APMA) advances and advocates for the profession of podiatric medicine and surgery for the benefit of its members and the public. To this end, APMA offers continuing education opportunities for podiatric physicians to meet their licensing requirements, to maintain and expand their knowledge, to provide optimum patient care, and to receive updates on advances in foot and ankle care. These educational opportunities may include face-to-face, web/computer-based, and audio/video recorded continuing education activities. The APMA Annual Scientific Meeting provides live, face-to-face continuing education in lecture, moderator-guided panel discussion, and hands-on workshop formats.

Nondiscrimination Policy for APMA Continuing Education Programs

APMA does not and shall not discriminate on the basis of race, color, religion (creed), gender, gender expression, age, national origin (ancestry), disability, marital status, sexual orientation, or military status in any of its activities or operations. APMA provides an opportunity for the learner with a disability who may require accommodations to participate fully to indicate such a status on the registration form for any continuing education activity. Requests for such accommodations are handled by the registration team, as required by the Americans with Disabilities Act of 1990.
