<td>Thank you for selecting me as one of the foundation’s student scholarship recipients. I am grateful for APMA being a strong rock holding our profession together and advancing our field in so many ways. As a fourth-year student on rotations, this funding is extremely useful in reducing the costs of an expensive year.</td>

<td>I want to first sincerely thank you for the generous APMA Educational Foundation scholarship made possible by the Seward P. Nyman, DPM, Memorial. Through all trials, tribulations, and multiple late-night studying sessions, a gift like this scholarship provides a very humbling and grateful feeling to a podiatry student—one that makes me excited to help future podiatry students in the same manner during my years in practice. I know I can say for myself and for many of my fellow students, the continued support we receive while in podiatry school reaffirms the excellent choice we made to join this profession. Again, I want to thank you for your continued support of podiatric medical students, and I look forward to years of service within our great field.</td>

Thank you very much for contributing to the APMA Educational Foundation and allowing me to receive the J. Edward Stricker, DPM, Memorial scholarship. I am truly grateful to be honored with this opportunity, and it wouldn’t be possible without you. As you know, rotating for clerkships can get very expensive, and this can go a long way for us. Please continue your support if possible as it is greatly appreciated. Thank you again!

Thank you very much for your investment in my education as a podiatric medical student. I am an individual who works very hard and seeks to gain as much education as I possibly can. As such, I can assure you that your contribution will be well respected. I am also a student with a family.
