**Agenda**

7:00–8:00 a.m.  
Registration

8:00–8:30 a.m.  
**Big Changes to Podiatry-Relevant ICD10 Codes that You Need to Know**  
Jeffrey Lehrman, DPM

8:30–9:15 a.m.  
**No More Guessing – CPT Coding for Foot Care the Right Way**  
David Freedman, DPM

9:15–9:30 a.m.  
Q&A Session

9:30–9:45 a.m.  
Break

9:45–10:30 a.m.  
**What Exactly is a Separately Identifiable Evaluation and Management?**  
Drs. Freedman and Lehrman

10:30–11:15 a.m.  
**BMAD Data – Statistical Analysis of the Services We Provide and Why You Should Care**  
Dr. Freedman

11:15–11:30 a.m.  
Q&A Session

11:30 a.m.–1:00 p.m.  
Break

11:45–12:45 p.m.  
**Non-CECH Lunch Program (Optional)**  
San Antonio Ballroom (4th Floor)  
Keys to Lawsuit Prevention, Tax Reduction and License Protection

1:00–1:30 p.m.  
**CPT Changes for 2020 that You Need to Know**  
Dr. Lehrman

1:30–2:00 p.m.  
**Using the Medically Unlikely Edits to Plan Your Patients’ Care**  
Dr. Freedman

2:00–2:15 p.m.  
**Providing Care During the Postoperative Global Period**  
Dr. Lehrman

2:15–2:30 p.m.  
Q&A Session

2:30–2:45 p.m.  
Break

2:45–3:00 p.m.  
**Patient Responsibility Codes and Why You Should Be Using Them**  
Dr. Lehrman

3:00–3:45 p.m.  
**Nine Months Away From an Overhaul of E/M Coding – Be Ready!**  
Drs. Freedman and Lehrman

3:45–4:00 p.m.  
Q&A Session
**Educational Objectives**

At the conclusion of this program, attendees will be able to:

- understand how to apply the new ICD-10 codes to their practice;
- differentiate between a pressure ulcer and a pressure-induced deep tissue damage;
- appreciate how to prevent pathology in the most vulnerable patient populations using the seven CPT code options for at-risk foot care;
- know how to differentiate between at-risk foot care and debridement of mycotic nails;
- know how to differentiate between debridement of nails and trimming of nails;
- learn how to address all of their patients’ complaints during one visit with the appropriate coding;
- be able to critically analyze the Medicare Physician/Supplier Procedure Summary Master File;
- evaluate use of the 59 modifier and the X [ESPU] modifiers by podiatrists;
- differentiate between the History, Exam, and Medical Decision Making components of an Evaluation and Management;
- differentiate between “Number of Diagnoses or Management Options” and “Number and Complexity of Problems Addressed” as these definitions pertain to evaluation and management services;
- perform statistical analyses of the procedures we perform to assess trends in foot and ankle care using BMAD data;
- differentiate between “Amount and/or Complexity of Data to be Reviewed” and “Amount and/or Complexity of Data to be Reviewed and Analyzed” as these definitions pertain to evaluation and management services;
- differentiate between “Risk of Complications and/or Morbidity or Mortality” and “Risk of Complications and/or Morbidity or Mortality of Patient Management” as these definitions pertain to evaluation and management services; and
- use the Medically Unlikely Edits (MUEs) to help plan patient care.
