Diabetic Participants Needed for 
Survey Based Study regarding 
Possible Link between Foot Ulcers & Physical Activity Engagement

If you have diabetes and are at least 45 years old you may qualify for an online study being conducted by researchers at Rosalind Franklin University of Medicine and Science (RFUMS). 

The study will require you to spend approximately 1 hour completing online surveys regarding your foot health, physical activity engagement and concerns about falling. 

Participants will be eligible for $15 in compensation.
